THE TEAFINITY® BREWMASTER SYSTEM

The Teafinity Brewmaster System is the most cost-effective way to deliver consistent Iced Tea to your customers:

- Looks like a traditional ice tea brew even utilizing a brew basket as the mixing vessel
- Generates about one gallon of finished product per minute non-stop with no recovery time, compared to a leaf brewer at 1 gallon every 3.5 minutes plus recovery time
- A perfect solution for high volume applications such as banquets and catering
- Preset to any volume:
 - by the cup
 - by the pitcher or
 - by the dispenser
- Produces 10 oz. to 5 gallon quantities on demand with no waste
- No hot water is used reducing energy consumption by up to 95%
- Features a compact footprint that fits on any counter (see dimensions at left)

NATURAL BREWED ICED TEA

NATURAL BREWED ICED TEA
With the Brewmaster System

Delicious, Natural Brewed Taste Has Never Been Easier!

Teafinity® Natural Brewed Iced Tea is simply the finest tea concentrate program on the market today. The innovative BrewMaster System gives you unequalled operational efficiency, while the great taste of Teafinity Natural Brewed Iced Tea will keep your customers coming back.

The Teafinity System delivers on the simplicity, consistency and versatility that can enable your operation to become an iced tea destination with less than fifteen minutes a day of effort.

In taste tests, 9 of 10 tea lovers were convinced Teafinity was actually fresh-brewed tea!

Great Taste

The Teafinity System can help you become an Iced Tea destination of choice with delicious Iced Tea that tastes like fresh-brewed! This natural brewed iced tea is made from real loose tea leaves, and it's taste surpasses all other concentrates on the market.

Looks Just Like Fresh Brewed

The Teafinity Natural Brewed Iced Tea with the BrewMaster System looks just like a traditional fresh brewed iced tea system.

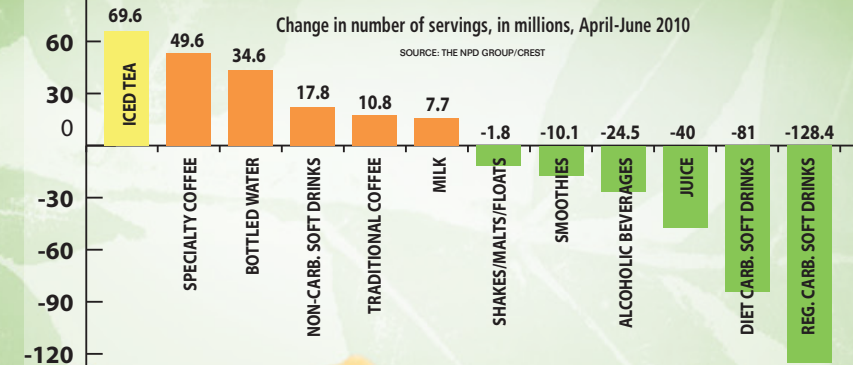

The equipment can also be preset to any volume: by the cup, by the pitcher or by the dispenser, demonstrating more versatility than you get from fresh brewing systems.

Maintenance is minimal. The product line includes a self-cleaning BIB for sanitization of the equipment lines and all internal parts. This translates into incredibly easy operation.

Iced Tea: The Growth Leader in Food Services

Designed with Operators in Mind:

The Easiest System to Use

Your daily preparation will consist of one push of a button (versus six time-consuming steps for fresh-brewed). Cleaning is simple with our Sanitation BIB, used weekly. Altogether your valuable labor time is cut by 80%.

The Highest Quality

Teafinity Natural Brewed Iced Tea has no artificial flavors—it's brewed from real tea leaves and purified water, and processed aseptically (using minimal preservatives).

Saves You Money

No tea filters, no sugar mixing, and reduced labor and energy costs add up to approximately \$3,200 per year in annual savings.

Versatility, and Fast Volume (when you need it)

With serving sizes ranging from 10 oz. to 5 gallons, you are able to better control portions and minimize waste. The system generates 1 gallon of product per minute without recovery time!
